## INDEPENDENT AUDITORS' REPORT

To the Oversight Board  
County of Orange Redevelopment Successor Agency  
Santa Ana, California

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the County of Orange Redevelopment Successor Agency (Successor Agency), a private-purpose trust fund of the County of Orange, California (County), as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Successor Agency's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the County of Orange Redevelopment Successor Agency, as of June 30, 2018, and the changes in its fiduciary net position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Emphasis of Matters**

As discussed in Note 1, the financial statements present only the Successor Agency and do not present fairly the financial position of the County as of June 30, 2018, and the changes in its financial position, for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

As discussed in Note 7, the Successor Agency trust fund reported a deficit net position. The deficit resulted from the Due Diligence Review of payments required by Assembly Bill 1484. Our opinion is not modified with respect to this matter.

## ***Other Matters***

### *Required Supplementary Information*

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### *Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Successor Agency's financial statements. The supplemental information, as listed in the table of contents, is presented for purposes of additional analysis and are not a required part of the financial statements.

The supplemental information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 10, 2018, on our consideration of the Successor Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Successor Agency's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Successor Agency's internal control over financial reporting and compliance.

**Note 1 –Summary of Significant Accounting Policies**

Reporting Entity

On January 24, 2012, the County of Orange (County) elected to become the Successor Agency to the former Orange County Development Agency (Successor Agency) in accordance with ABx1 26 (Dissolution Act). An Oversight Board was appointed to oversee the dissolution process. A Private-Purpose Trust Fund, administered by the County, was established to account for the assets and liabilities of the former Orange County Development Agency (OCDA).

After enactment of the law, which occurred on June 28, 2011, redevelopment agencies in the State of California cannot enter into new projects, obligations or commitments. Subject to the control of a newly established Oversight Board, remaining assets can only be used to pay enforceable obligations in existence at the date of dissolution (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments).

In future fiscal years, successor agencies will only be allocated revenue in the amount that is necessary to pay the estimated annual installment payments on enforceable obligations of the former redevelopment agency until all enforceable obligations of the prior redevelopment agency have been paid in full and all assets have been liquidated.

The accompanying financial statements are not intended to present fairly the financial position or changes in financial position of the County in conformity with the accounting principles generally accepted in the United States of America.

Measurement Focus

Fiduciary fund financial statements are used to account for assets held in a trustee or agency capacity and cannot be used to support the County's own programs. Trust funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. With this measurement focus, all assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with operation of these funds are included on the statement of fiduciary net position (deficit). Additions are recorded when earned and deductions are recorded when a liability is incurred, regardless of the timing of the related cash flows.

Fiduciary Fund Financial Statements

The fiduciary fund financial statements provide information about the Successor Agency's funds.

Land and Improvements Held for Resale

Land and improvements held for resale are recorded at the lower of acquisition cost or estimated net realizable value.

Deferred Charges on Refunding

The deferred charges on refunding are deferred and amortized over the life of the Successor Agency Tax Allocation Refunding Bonds Neighborhood Development and Preservation Project (NDAPP), Series

2014 and Santa Ana Heights (SAH), Series 2014 using the straight-line method.

The deferred charge on refunding for the NDAPP bonds is recorded as a deferred outflows of resources. With the refunding of the SAH bonds, it is recorded as a deferred inflows of resources.

Bond Premium

The bond premium is deferred and amortized over the life of the Successor Agency Tax Allocation Refunding Bonds SAH, Series 2014 using the effective interest method. Bonds payable are reported net of the applicable bond premium.

The bond premium is recorded annually as a reduction of interest expense.

Intergovernmental Revenue

The Dissolution Act amended the allocation of property tax revenue to successor agencies. Property taxes that formerly would have been apportioned to the former OCDA are deposited into a trust fund with the County of Orange, known as the Redevelopment Property Tax Trust Fund (RPTTF). The County Auditor – Controller administers the RPTTF on behalf of the former redevelopment agency debt holders, and taxing entities that receive pass-through payments and property tax distributions. This fund is used to pay obligations listed on the Recognized Obligation Payment Schedule (ROPS), including bond debt service, approved by the Successor Agency’s Oversight Board, and the California Department of Finance. Any remaining monies in the RPTTF after the approved amounts listed on the ROPS have been paid are distributed to the appropriate taxing entities.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and accompanying notes. Actual results could differ from those estimates. Where significant estimates have been made in preparing these financial statements, they are described in the applicable footnotes.

**Note 2 – Cash and Investments**

The Successor Agency follows the County’s policy guidelines for pooling its cash and investments with the County Treasurer. The County Treasurer abides by the Investment Policy Statement (IPS) in investing the Pool’s monies.

Pooled Cash and Investments

The County Treasurer maintains the Pool for the County and other non-County entities for the purpose of benefiting from economies of scale through pooled investment activities. At June 30, 2018, the Pool contains deposits and investments in U.S. government agencies, negotiable certificates of deposits, medium-term notes, repurchase agreements, and money market mutual funds with an average maturity of approximately 349 days. The Successor Agency’s cash and investments are combined with the County’s pooled investments, and therefore, do not represent specific identifiable investments. The County

categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Investments in the internal County investment pool are not subject to reporting within the level hierarchy. Interest is apportioned to individual funds based generally on the average daily balances on deposit with the County Treasurer.

Cash Equivalents and Investments with Trustee

Cash equivalents and investments with trustee represent amounts held by a trustee bank, which are restricted for servicing long-term debt of the Successor Agency as required by the bond indentures. The trustee as fiscal agent is mandated by the bond indentures as to the types of authorized investments. The investments of money market mutual funds are reported at net asset value, and as such, are not subject to the fair value hierarchy.

*Summary of Cash and Investments*

At June 30, 2018, cash and investments of the Successor Agency are summarized as follows:

*Interest Rate Risk*

Interest rate risk refers to the risk that changes in interest rates will affect the fair value of an investment. The County manages exposure to declines in fair value by limiting the weighted average maturity (WAM) in accordance with the IPS. At June 30, 2018, the WAM for the Pool approximated 349 days (0.957 years). The money market mutual funds are government money market fund with the highest ratings by S&P and Moody's, as indicated by the trustee.

*Custodial Credit Risk*

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Successor Agency will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. At year-end, the Successor Agency's investment in the County Pool and Money Market Fund did not have any securities exposed to custodial credit risk and there was no securities lending.

*Credit Risk*

The IPS sets forth the minimum acceptable credit ratings for investments from any two of the following nationally recognized statistical rating organizations. For an issuer of short-term debt, the rating must be no less than "A-1" or "SP-1" (Standard & Poor's), "MIG 1/VMIG 1" (Moody's), or "F1" (Fitch). For an issuer of long-term debt, the rating must be no less than an "A". As of June 30, 2018, the Pool is rated at AAAM Principal Stability Fund Rating (AAAM) by S&P and the money market fund is rated at AAAM by S&P.

Additional information regarding the Pool, including the investment portfolio and related interest rate, the custodial credit, credit, concentration of credit risks, and fair value measurements is presented in Note 4 of the County's Comprehensive Annual Financial Report (CAFR). The CAFR is available by accessing the Auditor-Controller's website at <http://acdcweb01.ocgov.com/reports/cafrreports/>.

**Note 3 – Land and Improvements Held for Resale**

Land and improvements held for resale is recorded at the lower of acquisition cost or estimated net realizable value. At June 30, 2018, the cost of land and improvements is \$607,747 with an estimated net realizable value of \$133,070.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Oversight Board  
County of Orange Redevelopment Successor Agency  
Santa Ana, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the County of Orange Redevelopment Successor Agency (Successor Agency), a private-purpose trust fund of the County of Orange, California (County) as of and for the year ended June 30, 2018, and the related notes to the financial statements, and have issued our report thereon dated December 10, 2018. Our report includes emphasis of matter paragraphs stating the financial statements of the Successor Agency do not present fairly the financial position of the County and the Successor Agency trust fund reported a deficit net position as of June 30, 2018.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Successor Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Successor Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Successor Agency's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Successor Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Successor Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Successor Agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Subject: Continuing Disclosure - NDAPP**

---

This memorandum is to confirm that RSG, Inc. ("RSG") has reviewed Covenant 11 of the Indenture of Trust related to Tax Allocation Refunding Bonds, Issue 2014 of \$14,090,000 for the Neighborhood Development and Preservation Project ("NDAPP"). Covenant 11 requires the preparation of an independent consultant report on the total amount of tax increment revenues remaining available to the Successor Agency to the Orange County Development Agency ("Successor Agency") under the Redevelopment Plan's cumulative annual debt service with respect to the bonds.

NDAPP's Redevelopment Plan limitations are as follows:

Time Limit to Incur Debt:	Eliminated
Time Limit to Receive Increment:	June 27, 2038
Total Bonded Debt Limit:	\$500 Million
Total Tax Increment Limit:	\$1.6 Billion

Based on data obtained from the Successor Agency, the State Department of Finance, and a review of records RSG maintains on file, the 2014 Refunding Bonds are the only bonds associated with NDAPP. As such, the \$14,090,000 bond indebtedness is well under the \$500 million limit.

Additionally, RSG reviewed internal records and obtained available reports on annual tax increment collections for NDAPP (inclusive of all sub-areas) through Fiscal Year 2017-18 (the most recently completed fiscal year) from the Orange County Auditor Controller ("Auditor Controller"). Through Fiscal Year 2017-18, \$357,421,759 in tax increment has been collected from NDAPP (inclusive of all sub-areas), well below the \$1.6 billion limit.

Though the Indenture of Trust requires this review, Section 34189(a) of the Health and Safety Code was amended by Senate Bill 107 in the 2015-16 Legislative Session. Accordingly, the law now states that limitations on time and tax increment collections no longer apply if tax increment is still needed for enforceable obligations, including bond debt service.

Finally, ample revenues are available for debt service coverage on the bonds. Based on the Fiscal Year 2018-19 total assessed valuation in NDAPP (as reported by the Auditor Controller) and RSG's projections, NDAPP will generate a total of nearly \$23.6 million in tax increment in Fiscal Year 2018-19, net of taxing agency pass-through payments and County bankruptcy payments, but inclusive of the amount that was once set aside for affordable housing before redevelopment agency dissolution. Approximately \$5.7 million of the available \$23.6 million in net revenues is associated with the El Toro Sub-Area.
